

Themed Grazing Food Stations

Themed Grazing Food Stations are perfect when you want a trendy & modern feel for your event instead of a traditional buffet.

Food stations can be set up scattered around the room, which encourages guests to explore and have a more social dining experience. This type of layout is fantastic for being creative and incorporating the primary vision for the event with themed decor.

Add a Grazing Station to a buffet or sit down meal or group several Grazing Stations together. Minimum of 2 Stations if not accompanying a Buffet.

Minimum **50** Guests for each station.
